

# BASIC INTRODUCTION TO METEOROLOGY FOR THE MARINER AT THE NATIONAL YACHT CLUB

Open to Non-Members

## Basic Introduction to Meteorology for the Mariner

Join Ron Bianchi, a longtime sailor with over 20 years of experience in applied meteorology and forecasting, for a mind-opening encounter with the science of Meteorology and how to use it to your advantage! This course includes three nights of weather instruction focusing on how the weather works (meteorological theory), weather systems and wind and using real time data (meteorological practice). Course materials included.

**Date:** Thursdays March 11, 18 & 25, 2010 6:30 pm to 9:00 pm

**Fee:** \$90.00 plus GST
