

RESTRICTED RADIO OPERATOR CERTIFICATE - MARITIME & DIGITAL SELECTIVE CALLING

Open to Non-Members

Restricted Radio Operators Certificate – Maritime (VHF) and Digital Selective Calling (DSC) Endorsement

The Restricted Radio Operators Certificate course is offered over three evenings, with instruction the first two nights and a written exam on the third. The registration fee includes the textbook, student's CD, and DSC simulator. This certificate is a federal government requirement to operate any marine VHF, HF, or SSB radio.

Participants who already have their Restricted Radio Operators Certificate and would like to add the Digital Selective Calling endorsement may register for the two-night DSC endorsement course. This includes instruction the first evening and a test on the second. The registration fee includes the textbook and DSC simulator. DSC participants are welcome to attend the first night of the full course as a refresher.

Both courses are instructed by the Canadian Power and Sail Squadron.
